13:00 CISO Roundtable - COVID-19, accelerating the ongoing Digital Transformation and its impact on the Attack Surface.

14:00 Keynote 3 - Ransomware – The new poker game's bluff – “Proof of data”

14:45 Coffe Break

EMEA Track - Agenda

Day 1 - March 16th (Cont.)

15:00 Keynote 4 - Next Generation Cyber Ranges - What you need to know to Enhance your Cyber Resilience and the Security Skills of Your Team

15:30 Keynote 5 - The hidden data ways of high complexity ICS systems

16:15 Keynote 6 - How-to: Protect your sensitive files with encryption while working remotely

16:45 End of EMEA Track - Day 1

US & LATAM Track - Agenda

Day 1 - March 16th (CET)

18:00 Welcome & Introduction NA & LATAM Track

18:15 Keynote 1 - Natively Secured: Security Done right for SecDEvOps and Cloud Native organizations.

19:00 CISO Roundtable - Critical Infrastructure cyber attacks - data theft, operational disruption and other major consequences.

19:45 Coffe Break

20:00 CISO Roundtable - Protecting customers' data and privacy: the importance of generating trust.

21:00 Keynote 2 - Zero Knowledge Encryption — Solving the challenge of data protection in the cloud.

21:00 Keynote 3 - Zero Trust implications for Data Security & Privacy.

US & LATAM Track - Agenda

Day 1 - March 16th (CET)

22:00 Coffe Break

22:15 Keynote 4 - Next-Generation Cyber Ranges - From Large-Scale Skills Development to Increased Cyber Resilience.

22:45 Keynote 5 - Cybersecurity Maturity Model Certification (CMMC) – How security and maturity go hand in hand.

23:15 End of NA & LATAM Track - Day 1

APAC Track - Agenda

Day 2 - March 17th (CET)

6:00 Welcome & Introduction

6:15 Keynote 1 - Zero Trust Security for ATMs and PoS on low speed internet connections, learn how.

7:00 Keynote 2 - When your cybersecurity team tells you that you're protected – start worrying" – Hardware Access Control aspects of your cybersecurity posture.

7:30 CISO Roundtable - Assessing and managing Cyber Risk - Key Strategies.

8:30 Coffe Break

8:45 Keynote 3 - The hidden data ways of high complexity ICS systems.

9:30 CISO Roundtable - Personal Data and Privacy Protection initiatives across APAC.

APAC Track - Agenda

Day 2 - March 17th (CET)

10:15 Keynote 4 - Understanding Next-Generation Cyber Ranges - Throwing Your SOC Teams In At the Deep End.

10:45 End of APAC Track - Day 2
